

AGN. NO. _____

MOTION BY SUPERVISOR DON KNABE

June 1, 2004

Amendment to Item # 2

My understanding is that the 2005 Federal Budget does not anticipate increases next year for Section 8 Housing. In Los Angeles County, our housing market is extremely expensive and we have seen significant increases in rental costs from year to year.

For clarification, the **\$1.9 billion** figure would be the costs to fund current vouchers and to keep the current number of housing vouchers nationally.

I, THEREFORE, MOVE that the Board of Supervisors ask Congress to appropriate sufficient funding to fully fund all currently authorized housing vouchers under HUD's Housing Choice Voucher Program.
